Vice Chancellor James Sandoval
Student Affairs

Dear Jim,

This letter is to formalize my decisions regarding the FY2011-12 Student Services Fee budget allocations based on the recommendations presented to me by the Student Services Fee Advisory Committee (SSFAC).

Due to the unstable budget climate and the extreme uncertainty present in the next few years for the University of California, there will be only temporary allocations made for next fiscal year. However, the temporary allocations have been divided into two categories by the SSFAC: one-time temporary allocations made in FY2011-12 and temporary on-going allocations that will be funded in FY2011-12 and each year following under the condition that there is sufficient funding available from the Student Services Fees.

The Student Services Fee allocations to your departments are as follows:

Related to the temporary on-going salary allocations, I am approving a temporary allocation of UC Student Services Fee Funds in the amount of \$21,280 for employer retirement contributions at 7.68% in fiscal year 2011-12. Future amounts will be calculated annually and allocated on a temporary basis for each fiscal year as long as the associated salaries continue to be allocated on a temporary on-going basis.

Consistent with prior years, you are responsible for the implementation of these decisions. The Office of Resource Planning and Budget will be responsible for the actual input of the budget decisions into the campus budget system.

Apart from the budget recommendations, decisions have been made regarding capital reserve funding from the UC Student Services Fee Fund. Based on the recommendation presented to me by the SSFAC, I am approving the use of \$4.5 million in UC Student Services Fee funds for the \$8 million Upper Mall project. As soon as the project approval process is complete, the funds from the UC Student Services Fee Fund will be transferred into the plant account according to normal campus procedure.

Additionally, based on the recommendation presented to me by the SSFAC, I am approving the transfer of capital reserve funding into a plant account in the amount of \$6 million for the Veitch improvement project in advance of project approval. This transfer does not constitute approval of the project by the SSFAC or the Chancellor and the normal procedure should continue according to Capital Planning guidelines. If future SSFAC members should not support the Veitch Improvement project, then the funding in the plant account will be transferred back to the capital reserves in the operating account.
