Related to the temporary on-going salary allocations, I am approving a temporary allocation of UC Student Services Fee Funds in the amount of \$21,280 for employer retirement contributions at 7.68% in fiscal year 2012-13, which is consistent with the General Funds funding level. Effective 7/1/2012, the employer retirement contribution is increasing to 10.8%, however due to the potential for the “trigger cuts” mid-year, the decision to fund the increase has been postponed. Future amounts will be calculated annually and allocated on a temporary basis for each fiscal year as long as the associated salaries continue to be allocated on a temporary on-going basis.

Additionally, I would like to extend my appreciation for your willingness to provide students alternative study areas for extended hours in lieu of the University Library receiving Student Services Fee funding. We also greatly appreciate your commitment to ensure that the Child Development Center receives the additional needed funds of \$185,960 by using other VCSCA available funds to cover the Student Services Fee Advisory Committee’s desire to allocate \$200,000 to CDC operations.

Consistent with prior years, you are responsible for the implementation of these decisions. The Office of Resource Planning and Budget (RPB) will be responsible for the actual input of the budget decisions into the campus budget system.

University Librarian Ruth M. Jackson
University Library

Dear Ruth,

This letter is to formalize my decisions regarding the fiscal year 2012-13 Student Services Fee budget allocations based on the recommendations presented to me by the Student Services Fee Advisory Committee (SSFAC). It is with regret that I inform you that the University Library will not be provided funding for fiscal year 2012-13.

While all of the proposals submitted in response to the call addressed important concerns, not all were appropriate to be awarded from the Student Services Fee funds, nor could all proposals be awarded due to the limited amount of funding available. In addition, after careful review and consideration from the Student Services Fee Advisory Committee (SSFAC), alternative and more cost-effective solutions were found to resolve the issue for the students of extended hours for study areas.
