INTRODUCTION AND PURPOSE

The purpose of this document is to explain how to add a minor or concentration to a major (program) in SFAREGS and SGASTDN.

RELATED POLICIES, REGULATIONS, GUIDING PRINCIPLES, AND COMMON PRACTICES

1. Undergraduate students may transfer from one program to another, by filling a petition or application with approval from the dean of the college(s). Graduate students must obtain permission from the program they wish to enter in addition to the Dean of the Graduate Division.
2. Curriculum changes are done in SFAREGS if the student enrollment preparation (this traditionally occurs at the end of 4th week) has begun for the term of change and in SGASTDN if it has not, use the section that applies to the change.
3. Major (Program) change petitions or applications may be processed at any time; however, they should be processed prior to the third week of the quarter to meet the instructional statistical reporting deadline.
4. All Curriculum changes for undergraduate students are processed by the colleges.
5. All Major (Program) changes for all graduate students are processed by the Graduate Division Academic Affairs. Concentrations for graduate students are managed by the departments. Graduate students do not have minors.
